Dear Parents,

There is an old saying, "When fishermen cannot go to sea, they repair nets." We find ourselves in such a situation now. It is a very grim and challenging period for all of us. Uncertainty looms over the forthcoming days. It is especially disheartening that children are compelled to stay at home devoid of any educational activity or the joy of mingling with their peers. However, at this time, it is imperative that we compel them to be proactive in all matters, academic and otherwise.

The Educational Resources Team has already e-mailed syllabus and study material along with additional links for online resources pertaining to the first chapter in each subject for Grades 10 and 12 so that students may get started. While we wait for the start of normal routine and classes, we are looking at virtual learning options and we hope to finalise something soon. We plan to begin with online classes for Grades 10 and 12 with the rest of the school to follow.

We would also like to inform you that we have signed an agreement with NEC B.S.E. (C)  (Nonoo Exchange) for the remittance of school fees. This service will commence from Sunday 29-03-2020. Parents can deposit the school fees of their children at any of the NEC branches by providing the Scholar Number of the child. School fees for the current and the previous months can be remitted through this facility. Pending fees for the previous months if any must be paid along with current months fees as part payment of fees is not possible. NEC will charge a nominal service charge of 300 fils for each transaction.

We have been approached by FIITJEE, a premier coaching institute, with the offer of free online coaching to the CBSE students of Grades 10, 11 & 12 in Science (Physics, Chemistry) & Mathematics. For registration and more details, you may please contact on the following link - <http://shorturl.at/amBQ5>

We have also been approached by Byju's Online Tutoring Firm. The premium version of Byju's Learning App is being made available to students until the end of April 2020 for free. Interested students can register with the following link - <https://forms.gle/8WPqjrBZUWUtyGPv7>

Lincoln once said, "We can complain because rose bushes have thorns or rejoice because thorn bushes have roses." During this pandemic period when the Coronavirus contagion has become a real threat, a positive mindset is the need of the hour. We should all be extremely grateful to the leaders and government of the Kingdom of Bahrain for taking proactive and timely measures to combat this pandemic by placing the safety and wellbeing of its residents above all else. We urge you to do your part by following the instructions given by the government.

Stay safe. Stay indoors.
God bless us all.

Molly Treasa Mammen
Principal
