Dear Parent,

Please note that the school will be celebrating **World Environment Day on Thursday, 4th June, 2020.**

Students and teachers will be dressed in green for the day. They may also be creative by making and adorning badges, hats or any other item of ornament or dressing that depicts the importance of conserving our planet. During the lesson, students may also display any innovative and original art, craft or models based on the theme 'World Environment Day'. We ask you to please retain these items to be submitted for an exhibition to be held later.

Teaching our young ones about our Planet Earth and the importance of sustainable living is a cornerstone of their education. We hope you will encourage students to participate enthusiastically in our endeavour to make them understand the importance of conservation of natural resources.

Principal
